FCC Listens Ron Williams W9JVF reports that A. Prose Walker W4BW the New FCC executive in charge of Ham & CB radio gave a sobering talk at Dayton and stressed that we hams use very little of our time or Freq's for Public service ie. phone patching and traffic handling. Also some bad language is being commonly heard on 75 & 20. Let keep this in mind and try and realizd WHY & HOW we have our Freq's and use them properly!

DUN'S Magazine The April issue of Dun's Investing magazine has an excellent article on some of the many executive people who are hams..Titled "The Hams are still in Business" the article advises that ham radio is a window on the world for many company executives. A few are Ed Siegel W2CQA Pres. of Titan Industrial Corp. Buzz Reeves K2GL Chrm of Reeves Telecom Corp. WOBB Press Monsanto and Wm Leonard W2SKE V.P. of CBS-TV to name a few. Buzz has a \$100,000 Multi -op Rig for phone patching for servicemen.
